

Task 2.2

Most frequent businesses are about food, restaurants or night bars. Also those restaurants or bars are from different countries. Most of them are located in Las Vegas.

Firstly, Las Vegas is an international city and it has a large number of visitors every year. Therefore, owners are able to obtain profits if they run their business here.

Secondly, since most of them are in Las Vegas, which is an international and entertainment city, there are a large number of visitors from different countries. Different kinds of food could meet their demands.

Secondly, night bar is for people who have a night life.
